EDUCATION

Associate in Computer Engineering Technology | Queensborough Community College/CUNY - Bayside, NY

- GPA: 3.34   Graduation May 2023

Bachelor of Arts in Computer Science | Queens College/CUNY - Flushing, NY

- GPA: 3.1   Expected Graduation December 2025

SKILLS

Programming Languages: Proficient in Java, Python, C++

Technical Skills: Proficient in Microsoft Office, Google Drive, Multisim, Cisco Packet Tracer, and VMware Workstation

Languages: Arabic "Native"

Interests: Read human development and history books

EXPERIENCE

PHARMACHOICE PHARMACY 2 | Long Island, NY   March 2023 – Present

Pharmacist Assistant

- Helped pharmacists prepare and fill prescriptions, speeding up the process.
- Kept track of medication inventory and ensured proper storage, reducing shortages.
- Assisted customers with questions about prescriptions and insurance, improving customer satisfaction.
- Worked with the Pharmacist to make prescription processing faster, cutting wait times per patient

PROJECTS

Vehicle Assembly and Motor Control Project | Queensborough Community College - Long Island, NY

Independent Project Lead   October 2023 – December 2023

- Vehicle Assembly: Built a vehicle using Arduino, motors, and sensors, making sure all parts were properly connected and worked correctly.
- Motor Control: Programmed the motors to control speed and direction using the L298N Motor Driver. Used Pulse Width Modulation (PWM) for speed and H-Bridge for direction.
- Coding: Modify the Arduino code to control the vehicle's movement, including moving forward, turning, and following different shapes like squares and circles.
- Circuit Design: Created a motor status display board using Multisim and Ultiboard, then tested the design to make sure it worked.
